Our November program focuses on Indigenous Issues--today's and tomorrow's--which are built from past injustices, addiction, sexual violence, education, etc. Panelists will share their story, their efforts, and steps we might take as advocates, as concerned and supportive citizens. Names and positions of panelists will be sent prior to November 15th, and resources will be provided during the program. Please join us by clicking [HERE](#)

The Zoom link will be sent again closer to the program date.

What is "WOKE"?

The original plan was to have the January topic be "How to have a gender-appropriate conversation" It was to include a discussion on the appropriate and not appropriate words and phrases within this subject.

The California Online Branch has scheduled a DEI Special Interest Group session for Monday, October 16th. It is entitled "What is "WOKE"?" They will be identifying 21st-century words and phrases that have been integrated into our communications as a result of our current social justice climate. You may know many but you could find some that you didn't know about.

They have invited our branch to join them for this timely discussion. The Zoom link will be sent out just prior to this meeting. in the meantime please **Save the Date** on your calendar!
